

FLOWER PENDANT

Material

Art Clay Silver Clay type 5g
UV Crystal resin
Color pigment for UV resin

Tools

Baking sheet, pencil, craft knife,
Needle, Sponge sanding pad,
Drill bit (2mm), Stainless steel brush,
Round jump ring, Chain, firing tools

①

Draw a draft on a baking sheet with a pencil.

②

Roll ACS Clay 5g to 1mm thickness. Transfer the pattern from the baking sheet.

③

Cut flower outline with a knife and dry it.

④

Smooth it with a sponge sanding pad and engrave the design with a needle.

⑤

Drill a hole with 2mm drill bit for a chain and fire it.

⑥

Brush with a stainless steel brush to bring silver surface.

⑦

Make your favourite color of UV resin. Add them on your work and cure it.

⑧

Attach a round jump ring and a chain and ready to wear it.
